SHOW CONTENT INFORMATION SHEET

- SYNOPSIS:** The internationally popular game comes to life in this fun filled musical with the world's best-known suspects. It invites the audience to help solve the mystery: who killed Mr. Boddy, in what room and with what weapon. Each audience member receives a form to play along, and at each performance there are 3 new cards chosen. That means there are 216 different solutions possible with the possibility of a different performance every night! Only one hard-nosed female detective is qualified to unravel this mystery, but you too can play along in this merry mayhem!
- AGES:** We recommend this show for ages 10 and up. However, parents are encouraged to use their own judgement and discretion when choosing shows for children based on their maturity and interest level.
- DETAILS:** By today's standards, this show would probably be rated PG. There is no cursing, but there are adult themes and some sexual innuendo. There is a "murder" and characters talk about and are shown drinking alcohol onstage. The role of Mrs. White will be played by a male actor.
- LENGTH:** Approximately 2 1/2 hours with an intermission.
